Abstract

This is a very small package who produce a very nice mark for a real books.

1 Introduction

In the 20th century in former Yugoslavia many publisher produce a really nice and beautiful books. I have many of this books. In this books a see something like that: Moja majka je!... Pa kako to? So, I produce a package called `eqell` which mean exclaim, quation, ellipsis, which contain a few macro, who produce fine mark like !... This package is activate by typing `\usepacake{eqell}` in preamble and request package `xspace`. Package provide that a space beatwen each dot is same.

`\ece` produce !...

`\que` produce ?...

`\eqe` produce !?...?

`\qee` produce ?!...

`\ele` produce ...!

`\elq` produce ...?

2 The (famous) example

You may typing something like that:

What is this`\que` This is my very first package`\ece` But is not only one. which produce:

What is this?... This is my very first package!... But is not only one.

So, that's all folks ... have a nice \TeX ing!...
